LIGHTS

# SL MINI MAX AF

## MINIMAL SIZE, MAXIMUM OUTPUT

With 2400 lumens high beam and a size of just 69mm wide and 34mm height, the SL Mini Max offers the performance of the absolute upper class. The complex unit of three independent reflectors makes it possible to illuminate an area far above the glare-free cut-off line at the push of a button. Whether fast descents and demanding trails or commuting in traffic, the SL Mini Max makes both possible.

# SL AX

## THE BRIGHTEST BIKE LIGHT MADE BY LUPINE

The SL AX is safety, safety during the day and safety at night. But it is also an extremely powerful lamp, perfect for fast rides and with up to 3800 lumens high beam the currently brightest StVZO-approved Lupine for your bike.

# SL AF

**"F" STANDS FOR FULL BEAM - THE SL F WITH ITS OWN BATTERY**

The sensor-controlled "daytime running light" and the glare-free 1000 lumens low beam will get you safely through traffic at any time of day. At the push of a button, you can unleash the 1300 lumens full beam and let your bike loose on country roads, forest roads and demanding trails.

# SL NANO AF

## THE SMALL ONE FOR THE STREETS

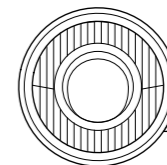

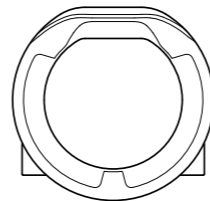

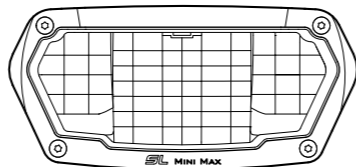

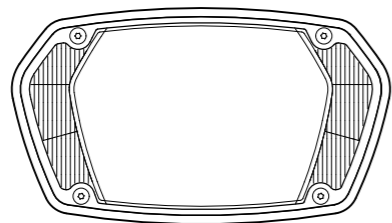

The SL Nano AF is our smallest German Road Traffic Act-approved bicycle lamp. With its 700 lumens dipped beam, you can move safely through the streets without blinding oncoming traffic. Out of town, you can switch to the 1200 lumens full beam with your Bluetooth remote and illuminate country roads, dirt tracks and trails.

# OVERVIEW

LAMPSETS BIKE LIGHTS

LIGHTTEST:

## SL AX

<b>LIGHT OUTPUT</b>	3800 Lumens
<b>BLUETOOTH</b>	With Bluetooth remote control
<b>BATTERY</b>	With 6.9Ah, 10.0Ah or 13.8Ah battery
<b>MOUNT</b>	Quick release (25.4mm, 31.8mm, 35mm)
<b>OPTIONAL MOUNT</b>	SmartphoneHub, Aero, GoPro, Twinfix, Classic
<b>APPROVAL</b>	StVZO
<b>SENSOR</b>	Brightness-, & motion sensor
<b>STRENGTH</b>	High beam distance & High light output
<b>LEDs</b>	Osram Compact PL
<b>SIZE</b>	45 x 85 x 48mm
<b>WEIGHT</b>	160g

## SL MINI MAX AF

<b>LIGHT OUTPUT</b>	2400 Lumens
<b>BLUETOOTH</b>	With Bluetooth remote control
<b>BATTERY</b>	With 5.0Ah, 6.9Ah or 10.0Ah battery
<b>MOUNT</b>	Quick release (25.4mm, 31.8mm, 35mm)
<b>OPTIONAL MOUNT</b>	GoPro
<b>APPROVAL</b>	StVZO
<b>SENSOR</b>	Brightness sensor
<b>STRENGTH</b>	High beam distance & High light output
<b>LEDs</b>	Osram Compact PL
<b>SIZE</b>	37 x 69 x 34mm
<b>WEIGHT</b>	100g

## SL AF

<b>LIGHT OUTPUT</b>	1300 Lumens
<b>BLUETOOTH</b>	With Bluetooth remote control
<b>BATTERY</b>	With 3.5Ah or 6.9Ah battery
<b>MOUNT</b>	Quick release (25.4mm, 31.8mm, 35mm)
<b>OPTIONAL MOUNT</b>	Flexmount, Aero, GoPro with Spacer, Twinfix
<b>APPROVAL</b>	StVZO
<b>SENSOR</b>	Brightness sensor
<b>STRENGTH</b>	Wide, homogeneous beam pattern
<b>LEDs</b>	Osram Compact CL
<b>SIZE</b>	49 x 50 x 48mm
<b>WEIGHT</b>	100g

## SL NANO AF

<b>LIGHT OUTPUT</b>	1200 Lumens
<b>BLUETOOTH</b>	With Bluetooth remote control
<b>BATTERY</b>	With 3.5Ah or 5.0Ah battery
<b>MOUNT</b>	Quick release (25.4mm, 31.8mm, 35mm)
<b>OPTIONAL MOUNT</b>	Newmen, Aero, GoPro
<b>APPROVAL</b>	StVZO
<b>SENSOR</b>	Brightness-, & motion sensor
<b>STRENGTH</b>	Extremely small and light weighted
<b>LEDs</b>	Osram Compact PL
<b>SIZE</b>	41 x 30mm
<b>WEIGHT</b>	52g

# SL MONO

## QUICKLY INSTALLED, BRIGHT AND SAFE

The SL Mono, which is approved by the StVZO, is our Nano with an integrated battery. Up to 700 lumens low beam, USB-C charging port, brightness sensor and quick release to mount or remove it in no time at all. With the SL Mono you have everything you need right on your handlebar.

# ALPHA

## THE NEW MAXIMUM

The new Lupine Alpha is our most powerful bike light for racing and is now even brighter. An incandescent 8600 lumens, perfect illumination at close and far range and an enormous range of up to 500 metres turn every bike into the ultimate night-time racing machine.

\* Only available as helmet light in Germany.

# ROTLICHT

## ON THE BRAKES, READY, RED

Sensor-controlled brake light, brightness sensor, a high-quality aluminium case, robust front lid, powerful 160 lumens and lighting duration of up to 30 hours: you won't find a rear light like this Rotlicht anywhere else.

# C14 MAG

## **MAGICALLY MAGNETIC**

45 lumens, integrated rechargeable battery, brake light, brightness sensor and a hitherto-unseen innovative magnetic holder for mounting on the seat rail – the C14 Mag is all this and more.
