

FLASH LIGHTS

LUPINE

PIKO TL

MAXIMUM MINIMUM

Piko TL: that's maximum output at minimum size and a popular design for years.

The light and compact flashlight is made from black anodised aluminium and shines with a fabulous 1800 lumens. Piko TL is a high-tech flashlight, smaller than a smartphone and perfect for your trouser pocket.

BETTY TL 2

THE HANDHELD FLOODLIGHT

The Betty TL is your personal handheld floodlight. An easy-to-replace battery, a robust yet elegant aluminium case and a maximum output of 5800 lumens make Betty the perfect flashlight. A light yet robust aluminium case, a special lens arrangement for perfect illumination and enough output to illuminate entire valleys. The particularly powerful red light is perfect for not being immediately noticed when working in the dark. Our Betty flashlight is the absolute maximum technology can achieve.

BTL 2 PRO

HIGH POWER LED FLASHLIGHT WITH CHARGING STATION

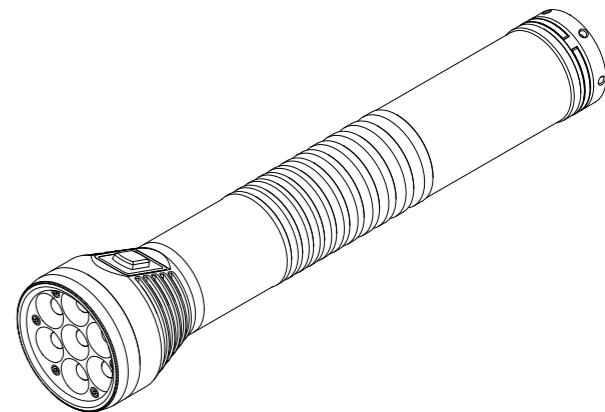

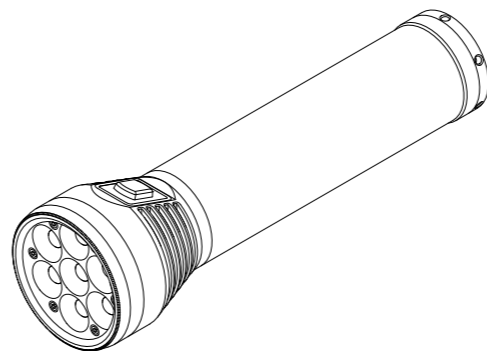

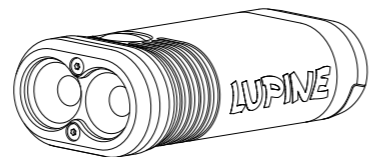

Far away from civilisation, you want a light that delivers what it promises: Waterproof, scratch-resistant and impact-resistant, 10.4 Ah battery tank and a gigantic 5800 lumens light output. The patented orbital charging technology and the docking station provides a charging current of 1.5 A to ensure the flashlight is always full.

FORENSIC

LIGHT FOR THE TRACES

Our forensic lamps are based on the BTL2 torches. That means you can use the BTL2s you may already have, or combine a battery pack with several lamp heads. Thanks to various LEDs and filters, we offer the following wavelengths:

UV	365 NM
PURPLE	415 NM
ROYAL BLUE	450 NM
GREEN	505 NM
